Jones and Hampton Ltd have many years of experience working within Residential and Nursing Care homes, we have completed a variety of work including:

- **Responsive repairs** – Plumbing, heating, gas, electrical and general building including 24 hour call out.
- **Void work** – Cleaning, redecoration, repairs, kitchen and bathroom replacements.
- **Refurbishment** – Internal and external work.
- **Aid and Adaptation** – Level access shower conversions, ramps and laying safety flooring. Gas and Electrical Testing including PAT testing.

We can demonstrate our understanding of the specific requirements of working within this environment by:

Ensuring all our people are CRB checked and trained in customer care to deal sympathetically with the specific needs of your clients.

Offering you technical advice. Often resulting in saving you money instead of helping you spend it.

Fix first time. Our vans have comprehensive van stocks reducing the need for return visits, helping to minimise the inconvenience to your client.

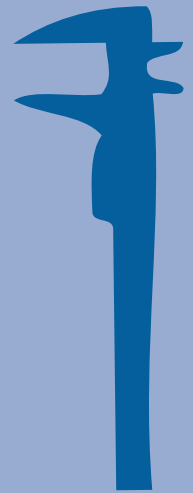

Assigned trades people. Encouraging friendship and improving levels of understanding and improving local knowledge.

Meeting your KPI expectations. We get the job done on time and within budget.

One stop shop – our comprehensive range of services means you don't need to use anyone else.

We will always serve our clients and work along side your staff to become an integral part of your supply chain, we will share your aims, ambitions and collectively work together to create an environment fit for investment in training, IT, and continual improvement.

Our clients include **Bromford Life, Housing 21, Riverside, Morris care.**
